1001 Bedtime Stories

11th March 2022

OVERVIEW

For parents tired of reading their children the same damn story every night, we provide the 1001 Bedtime Stories app that serves a new tale every night.

GOALS

1. Serve users a new and engaging story every night
2. Web App adapted for mobile service to display text to be read
3. Listen Mode - Scrape voices like Obama

SPECIFICATIONS

Web app optimized for mobile, one page, land and already going tik tok style.

MILESTONES

Data Processed

Ingest the raw text and process it to become tokenized stories indexed to serve to FE

FrontEnd Design

Home page landing begins a story

Mobile Web App Connected

Connect FE to BE [griswold style](#)

First User

Bada bing bada boom
